**Part V – Evaluation Criteria & Price Bid issues**

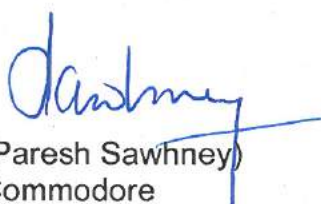

1. **Evaluation Criteria -** The broad guidelines for evaluation of Bids will be as follows:
- (a) Only those Bids will be evaluated which are found to be fulfilling all the eligibility and qualifying requirements of the RFP, both technically and commercially.
  - (b) In respect of Two-Bid system, the technical Bids forwarded by the Bidders will be evaluated by the Buyer with reference to the technical characteristics of the equipment as mentioned in the RFP. The compliance of Technical Bids would be determined on the basis of the parameters specified in the RFP. The Price Bids of only those Bidders will be opened whose Technical Bids would clear the technical evaluation.
  - (c) The Lowest Bid will be decided upon the lowest basic price quoted by the particular Bidder as per the Price Format given at Para 2 below. All taxes and duties (including those for which exemption certificates are issued) quoted by the Bidders will be not be considered to determine the L-1.
  - (d) The Bidders are required to spell out the rates of Customs duty, Excise duty, GST etc in unambiguous terms; otherwise their offers will be loaded with the maximum rates of duties and taxes for the purpose of comparison of prices. If reimbursement of Customs duty / Excise Duty / GST is intended as extra, over the quoted prices, the Bidder must specifically say so. In the absence of any such stipulation it will be presumed that the prices quoted are firm and final and no claim on account of such duties will be entreated after the opening of tenders. If a Bidder chooses to quote a price inclusive of any duty and does not confirm inclusive of such duty so included is firm and final, he should clearly indicate the rate of such duty and quantum of excise duty included in the price. Failure to do so may result in ignoring of such offers summarily. If a Bidder is exempted from payment of Customs duty / Excise Duty / GST upto any value of supplies from them, they should clearly state that no excise duty will be charged by them up to the limit of exemption which they may have. If any concession is available in regard to rate/quantum of Customs duty / Excise Duty / GST, it should be brought out clearly. Stipulations like, excise duty was presently not applicable but the same will be charged if it becomes leviable later on, will not be accepted unless in such cases it is clearly stated by a Bidder that excise duty will not be charged by him even if the same becomes applicable later on. In respect of the Bidders who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of excise duty which is normally applicable on the item in question for the purpose of comparing their prices with other Bidders. The same logic applies to Customs duty and GST also.
  - (e) If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.
  - (f) Any other criteria as applicable to suit a particular case.

2. **Price Bid Format:** The Bidders are required to fill it up correctly with full details in the format appended below:-

<u>Sl</u>	<u>Description/ Item Name</u>	<u>Unit price</u>	<u>HSN Code</u>	<u>GST</u>	<u>Custom duty</u>	<u>Any other tax/duties</u>	<u>Over all unit price</u>	<u>Qty</u>	<u>Total price</u>
(a)									
(b)									
(c)									

- (a) Is GST extra?
- (b) If yes, then mention the following:
- (i) Total value on which GST is leviable:
- (ii) Rate of GST:
- (iii) Total value of GST leviable:
- (c) Custom duty will be paid in actuals on submission of proof of payment.
- (d) Octroi / Entry taxes:
- (e) Any other Taxes / Duties / Overheads / Other costs:
- (f) Grand Total:

3. All the financial details are to be mentioned in the price bid only. Anything mentioned in any other part of the submitted documents having a financial bearing will not be considered.
